**PEAK
 PERFORMANCE
 CLUB**

To get the maximum performance from your equipment year round, we'll service it twice a year—once in the spring to ensure your cooling system is ready for the summer, and once in the fall to ensure your heating system is ready for the winter.

CLUB BENEFITS

- Lower energy bills
- Extend equipment life
- Fewer repairs
- Improved capacity and efficiency
- Priority customer status which includes priority service during and outside of regular business hours
- No overtime charges
- We call YOU to schedule!

PRECISION TUNE-UP PROCEDURES INCLUDES

- Check and tighten all loose electrical connections
- Adjust air flow for proper temperature rise/fall
- Inspect cooling coil (if accessible)
- Check heat strips to ensure proper working order
- Check primary and secondary drains
- Clean and check condenser coil
- Lubricate all moving parts (where applicable)
- Check operating pressures and refrigerant charge
- Monitor voltage and amperage draw on all motors
- Clean and check thermostats
- Monitor air conditioning cycle
- Make recommendations for improvement
